JEREMIAH RYAN BUIZON

FRONTEND DEVELOPER

I'm a Frontend Developer specializing in NextJS and React. I have worked on multiple websites for companies in the UK, Spain, Singapore, and the Philippines. I enjoy constructing interfaces that allow users to interact with a product. I find like working on the smaller details that make designs *pop* out to users. I am looking for remote work where I get to collaborate closely with UI designers in improving user experiences.
